Celebrate Youth Art Month with us at Great Oaks Academy! I encourage you to send in photos of your artwork all month long to my email, so that I can share your work in our weekly newsletter!

### How do I send in a photo of my work?

You can use a phone or your chromebook to take a photo of your artwork. Next, send an email to [66.cmilller@nhaschools.com](mailto:66.cmilller@nhaschools.com) to send it to Ms. Miller!

*Shout out to Kennedy and Kesson for being this week's featured artists!*

*Take a look at some of our artists from 2B working in the studio!*

## BLACK HISTORY MONTH ART SHOW!

**After a month of amazing work researching Black artists throughout history, our middle schoolers are proud to present their contribution to our Art Show!**

Each middle school artist organized an infographic about their artist's work and life, created a portrait of their artist, AND stole their artist's style to create an original artwork of their own! This was a HUGE undertaking and our middle school students deserve a standing ovation for their dedication and hard work!

Our 3-5 artists also joined in with their Kehinde Wiley self-portraits and Pop Art posters! Our graphic designers continue to amaze with their newly developed skills!

**Please join our GOA staff in enjoying our Black History Month Art Show!**

*A copy of the show was sent to your email and posted on your art student's Google Classroom!*

## GOT TEA?

Thanks to an eagle-eyed appraiser, the Louvre Museum has recovered a renaissance armor that was stolen almost 40 years ago. The armor is gold and silver encrusted, and was originally a gift from the Rothschild family to the museum in 1922.

These particular pieces were likely made in a Milanese workshop between 1560 and 1580. Philippe Malgouyres, the museum's head of heritage artworks, told the AFP that the pieces of armor "are prestige weapons, made with virtuosity, sort of the equivalent of a luxury car today."

## MA'AM, IS THIS YOUR ARMOR?

*Just how the pieces came into the Bordeaux family's possession is yet to be determined. Local authorities are still investigating.*

## FAMOUS ARTIST OF THE WEEK

### MEET MAYA YING LIN

Maya Ying Lin is an American designer and sculptor. In 1981, while an undergraduate at Yale University, she achieved national recognition when she won a national design competition for the planned Vietnam Veterans Memorial in Washington, D.C.

Lin has designed numerous memorials, public and private buildings, landscapes, and sculptures. Although she is best known for historical memorials, she is also known for environmentally themed works, which often address environmental decline. According to Lin, she draws inspiration from the architecture of nature but believes that nothing she creates can match its beauty.
